

Consent Form

Contact Address: Ao Li, Bristol Robotics Laboratory, University of Bristol & University of the West of England, Coldharbour Lane, Bristol, BS16 1QY

Email: yt22389@bristol.ac.uk

Please ensure that you have read and understood all the information you were shown and feel free to ask any questions before you give your consent. Whenever you have any considerations please contact the research team, whose details are set out above.

- By giving your full consent to participate in this study, you acknowledge and agree that:
- You have received sufficient information allowing you to make an informed decision;
- You have had the opportunity to ask questions about the study;
- Any questions you've had have been satisfactorily addressed by the research team;
- You agree that anonymised quotes may be used in the final report of this study;
- You understand that your participation is voluntary, and you can withdraw at any time until the data is anonymised without providing a reason;
- You are aware that the movements and force of a single finger will be recorded separately by cameras and force sensors;
- You understand that the collected data will be anonymised and subsequently viewed and analysed;
- You are aware that anonymised data from this study may be shared online within the academic research community and might be used for publishing papers;
- You have freely volunteered to participate in this study.

[x] I agree to take part in the research.
